Main poverty causes

• Insecurity
• High illiteracy rates
• Dependency on subsistence agriculture and livestock, almost non-existent industrial sector
• Poor governance / weak institutions
• Land ownership problems and access to land
• Lack of proper infrastructure and connectivity
• Lack of basic services, especially access to water
• Remoteness, inaccessibility to markets and services
• Gender inequality
• Large family sizes
Goal 1: Eradicate extreme poverty and hunger

Pillar 1. Security
Pillar 2. Governance, Rule of Law and Human Rights
Pillar 3. Economic and Social Development

(ARD Goal: “Development of prosperous rural and pastoral communities through National Priority Programmes (NPPs)”)

MRRD’s Mission: To alleviate poverty in rural areas by empowering communities and fostering economic and social opportunities

Ministry of Rural Rehabilitation and Development (MRRD)
Strategic Intent and Results Framework
Actors

• Government with less 50 % on budget – not enough ownership
• Military funding = not toward poverty goals – confusion on role between military and civilians
• Donor funding – through donor agencies and not the Government
• UN budget = over USD 1 billion yearly, with 32 agencies having activities in Afghanistan
• Civil society organizations, including NGOs – international and national – enormous
• Nascent private sector
Challenges & Constraints

• Limited domestic revenue and expenditure reliance on external assistance
• Lack of basic needs
• Lack of census data and accurate poverty line
• Lack of regular and accurate data on poverty, especially for marginalized groups
• Insecurity and the transition
• Illiteracy rates
• Weak local institutions
